

COOKIE POLICY

Introduction

We use cookies on our website to differentiate you from other users. This allows us to provide you with a better experience when you use our website. It also helps us improve our website.

A cookie is a small file of letters and numbers which we store on your browser or your computer hard drive if you agree. Cookies contain information which is transferred to your computer's hard drive.

We currently use the following cookies:

Strictly necessary Cookies

These are cookies that are required for the operation of our website. They include, for example, cookies that enable you to log into secure areas of our website, use a shopping cart or make use of e-billing services.

Analytical or performance Cookies

These allow us to recognize and count the number of visitors and to see how visitors move around our website when they are using it. This helps us to improve the way our website works, for example, by ensuring that users are finding what they are looking for easily.

In the future we may choose to also use the following cookies:

Functionality Cookies

These are used to recognize you when you return to our website. This enables us to personalize our content for you, greet you by name and remember your preferences (for example, your choice of language or region).

Targeting Cookies

These cookies record your visit to our website, the pages you have visited and the links you have followed. We will use this information to make our website and the advertising displayed on it more relevant to your interests. We may also share this information with third parties for this purpose.

We do not share the information collected by the cookies with any third party.

You can set your browser to refuse all or some browser cookies, or to alert you when websites set or access cookies. If you disable or refuse cookies, please note that some parts of this website may become inaccessible or not function properly.

Chris Whitehouse, Director of Audio Maze LTD.
